

ÖSTGÖTA NATION

Spring semester 2026

Dear Novice, congratulations on the admission and a warm welcome to Lund and Östgöta Nation! Your decision to become a **Lundastudent** has just opened up a whole new world that will give you the most memorable time of your life! We at **Östgöta Nation** welcome you to a wonderful semester filled with **festivities, joy** and everything that belongs to the student life. Östgöta Nation was the first nation to ever establish here in Lund, and has been a center in the student life for over **350 years**. Here at Adelgatan 4 in Lund you will also find the most **festive parties**, the **best food**, the **nicest pubs** and much more. Nations are seen as **gathering places** for students, but ÖG is so much more. ÖG is a place where you find **friends for life**, learn what **community** is all about and you create memories that will last a lifetime.

To welcome You a little extra as a novice in Lund, we at ÖG host a **novice period** where it's all about getting an **unforgettable experience** with other novices and older Östgötar, also known as your mentors. The novice-foreman, together with the mentors will arrange for you a wonderful novice period where we all will create **memories for life** while being guided through Lund's student life.

The novice foremen would like to welcome you

Novischförmännen are the people in charge of the novice period and will make sure that all the activities are arranged and going according to plan. For this semester, it is Clara Kronholm and Thea Funk who are in charge of this honorable task! The theme for this novice period is **"Celebrations"**.

I was robbed by a monkey in Thailand.

Östgöta Nation's carnival is a historic tradition that is filled with friends and celebration - you do not want to miss this!

Get involved at ÖG

Being active in a nation is incredibly fun and educational. Here you get the opportunity to meet new people and create new contact networks while improving your resumé with non-profit commitment. The friends you meet at the nation are usually the ones who stay with you for the rest of your life! Being active means that you are involved in the nation, for example working in a club team and taking part in all the fun activities that the nation organizes.

To become active you have to work three times during one semester. You get a lot of benefits as an active member, for example an active badge, which means that you get free entrance to our clubs until 23:15. If you have worked once, you will also be invited to Vieri parties!

The foremen at Östgöta Nation are all responsible for making sure that their committee runs smoothly. The food team bosses, for example, are the ones who together with their workers prepare and cook a three-course meal for our guests. The food team boss plans the menu in advance and also orders the food. But most importantly they make sure that their workers have fun.

We have something for everyone! At ÖG you can work with everything from cooking and nightclubs, to photography and marketing. For more information about our committees that you can get involved with, ask a foreman or read more later in the pamphlet.

LUND DISCO SCENE ST CLUB NATION

At Östgöta Nation the clubs are at the center.

With three club concepts there's something for everyone, so we can be sure we are guaranteeing the best clubs in Lund, for all. On Thursdays, even weeks, we have **Downtown**, our Hip Hop and RnB club, and every Saturday we have **Sunset**, with mainstream house music. Once per semester we have our popular **Silent Disco**, where you get to choose between three different channels with three different live DJ:s! Only once per semester, only at ÖG, and something you definitely do not want to miss.

Our clubs always have a packed dance floor and deliver top class music, and our members get priority in line until 23.15! So if you want to take part in the best ÖG has to offer, it is best to join.

Come and dance all night long with us!

Vieriet

To show appreciation for our amazing workers we have a vieri at ÖG. Vieriet is responsible for arranging thank-you-parties and other activities for our workers. The point of a vieri is to create a fun community by spending time together!

NATU

NATU stands for *Nationens Allmänna Trivsel Utskott* (Nation's General Welfare Committee). The NATU Committee arranges cultural and other activities that are not related to partying. It can be anything from study evenings to Christmas and Easter coziness to museum visits to thought-provoking films.

Marškalkeriet

Together with the Balgeneral and the Övermaskalk, the marškalkeri help arrange our ball Fest Filbyterium Lundense. They work together to prepare the big party, to ensure everything goes according to plan during the big dinner and to make sure all of our guests have a memorable night.

Other events in the autumn

A regular fall semester in Lund is filled with as many traditions as there are people in the city. Don't miss the fall at ÖG that will be filled to the brim with excited students from all corners of the world that participate in these amazing Lunda Traditions and other festivities that the nation offers.

Fest Filbyterium Lundense

Every fall the nation arranges its very own ball- Fest Filbyterium Lundense. The highlight of the fall is not something you want to miss. Going to a ball means food, drinks and entertainment of the highest class and Fest Filbyterium Lundense is not an exception!

Silent Disco

What has in the later years become one of our most popular events, and a crucial part of the perfect semester in Lund. Once per semester, and only at ÖG.

Punschfesten

Punsch... The drink of the students. You might love it, or you might hate it- no matter what, it is worth celebrating. In November we take the chance to arrange Punschfesten, exclusively for the members of Östgöra Nation with dresscode dark suit- a very special party, without counterpart.

The Christmas Party

The christmas-themed end-of-year-party is considered one of our most beloved parties. Glögg, a christmas smorgardsbord, gift giving, mistletoes and dancing are all given elements. Santa Claus will be there- will you?

What is a nation?

The Nations were formed in order to give the students of Lund a second home, outside of the faculty walls. The nations offer a wide spectrum of events such as nightclubs, "sittings" and brunch buffets, to name a few! Also, you have the possibility to apply for scholarships, attend balls, participate in culture and sports committees and most importantly; get involved and meet lots of new people!

Östgöta Nation is a non-profit organization and all the profit is returned to its members in the form of fun activities and future investments, in order to be able to offer a spectacular student life!
